United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA494AL

This certificate, issued to Univair Aircraft Corporation
Route 3, Box 59
Aurora, Colorado 80011

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product — Type Certificate Number: 780
Make: Piper
Model: PA-12, PA-12S

Description of Type Design Change:

Installation of electric fuel gauges in accordance with Stoddard Aero Service Drawing number 469 dated August 10, 1972 or later FAA approved revision, and with Stoddard Aero Service "Instructions for Installing Electric Fuel Gauges in Piper PA-12 and PA-14 Airplanes" dated January 22, 1973 or later FAA approved revision.

Limitations and Conditions: The approval of this change in type design applies basically to Piper PA-12's only. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 1, 1971

Date issued: July 9, 1981

Date of issuance: May 1, 1973

Date amended:

By direction of the Administrator
